

Dear Pastor:

_____ has contacted Haven Health Clinic with an interest in volunteering. This volunteer work may involve her helping to educate and counsel women in an unplanned pregnancy situation. Realizing the gravity of the work, and recognizing your leadership as her pastor, we ask you to prayerfully consider the things listed below and check the qualities you see in her life. Also, if you can give her your unreserved endorsement and support in working as a Haven Health Volunteer, please sign and return this form to Haven Health 311 Redmond Road, Rome, GA 30165. Our policy requires this form to be completed before further training is initiated.

We look forward to working with our sister churches to see an end to abortion-on-demand in our nation. Should you have questions, please do not hesitate to call on us. Thank you for your involvement in this application process.

Sincerely in Christ,

Loresa Heyward
Haven Health Clinic, Executive Director
